

March 3, 2017

Dear Parents,

We had another great week here at school! I cannot believe that it is March...where did February go?! March is reading month and Literacy Night is coming up. I sent home a calendar for literacy night earlier this week. Please have your child read and fill out the boxes on the calendar. Every night your child reads they will earn a chance to win a prize at literacy night, which will be held on Wednesday, March 15th from 5-7. We have lots of fun activities planned so we hope to see you there! Please remember to return the calendars on Monday, March 13th so the students can choose the prizes they want to enter to win. Here is a look at the week ahead:

Reading: We finished up our 4th unit in reading so the students will be getting new books on Monday. We will be reading Kitten's First Full Moon and learning about r-controlled vowels. The story quiz and spelling test will be next Friday.

Math: We will start adding larger numbers and learning how to regroup. We will also practice telling time on analog clocks and doing some problem solving.

Science: We will finish up our vertebrates books and read them to the kindergarten students. Then we will finish up our first unit in our science books and begin choosing the animal we want to research for our science research papers.

I hope everyone has a wonderful weekend! I'll see you Monday☺

~Annie

Kitten's First Full Moon
