

April 28, 2017

Dear Parents,

I hope everyone had a great week! We had a good week here at school. I was at a training on Tuesday and Wednesday so the kids had a substitute. She was very complimentary about how well they behaved...I am very proud of them!

I know how fast May is going to fly by and we will be very busy preparing for next year! Here are a couple of dates to keep in mind: Sunday, May 8th is the Father/Daughter Dance, and on Friday, May 12th, the students will not have school due to a teacher in-service. Here is a look at the week ahead:

Reading: Next week we will be reading Cool Jobs and learning about the prefixes re- and un-. The story quiz and spelling test will be next Friday.

Math: We will be finishing up our unit on measurement and telling time and the students will be taking a test on the concepts next week. Then we will begin our geometry unit which has a lot of hands-on activities that I am sure the students will enjoy☺

Science: We started our unit on forces, energy, and sound. I have attached the STEM project to be done at home. The kids all did such a great job on the animal project and I'm excited to see the finished products for this project. **The instruments will be due next Monday, May 8th but they can be turned in at any time beforehand.**

I hope everyone has a great weekend! Hopefully the weather will improve a bit so we can get out and enjoy it! I'll see you Monday☺

~Annie

Cool Jobs

Spelling Words

Your child should be able to read and spell the following words.

prefixes re- and un-	retry	reuse	remake
	unpack	unsafe	unlike
